

Organisation	Project description	Amount applied for	Amount recommended	Grant conditions
Eastleigh Youth & Community Trust	<p>We were hosting five group sensory sessions per week, catering for 60+ unique participants per week. Participants contributed £4 per session. Due to current guidelines, and in recognition of the social distancing rules for indoor activity, we will now have to host 12 exclusive sessions per week for families or groups in a bubble, catering for up to six participants per session. This would mean that we would have to ask them for £40 per session (up to 6 participants) to cover costs, which we know is not possible due to their low income. We are requesting funds to cover the difference, which will go towards staffing, additional cleaning equipment and PPE.</p>	£1,500	£1,500	This is the second year running we have funded Eastleigh Youth and Community Trust.
Youth Options	<p>This grant will fund 4 'Access Nature' activity days which will encourage young people and their families to access and engage with nature throughout the seasons. This includes: 1 x Youth Support Worker: £483 1 X Delivery Manager: £65, Venue Hire: £200, Resources: £152, Management and Overheads: £100, Sessions would be held at our outdoor learning site at Itchen Valley Country Park and our own Outdoor Learning Centre in Eastleigh, as well as exploring other local walks and parks to show the variety of local outdoor opportunities.</p>	£1,000	£1,000	Subject to supporting information requested.

Sensecere CIC	<p>£200.00 - motivational interaction toys (cause and effect). Cost including device and switch.</p> <p>£255.00 - inPrint software which creates picture exchange communication system resources (PECS). Cost including resources to develop symbols from inPrint i.e. laminating sheets, velcro.</p> <p>£538.00 - specialist training in interaction and play for children with autism and/or alternative communication needs.</p>	£993	£993	Subject to supporting information requested.
MHA Communities Eastleigh	<p>I am asking for funding to cover the costs of producing 100 of three sets of our upcoming Quarterly newsletter / activity packs.</p> <p>£288 Towards the cost of producing 100 copies of Spring , Summer and Autumn quarterly Newsletters for 2021 (The average cost per quarter for printing newsletters and activity books is £120 i have reduced this amount by 20% to simulate the percentage of members who live in the central Eastleigh , Allbrook and Velmore parts of the borough) .</p> <p>£690 towards the cost of producing 100 of our Spring , Summer and Autumn activity packs (the packs on average cost £2.30 each to create and put together.</p> <p>£22 towards Volunteer costs</p>	£1,000	£1,000	This is the second year running we have funded MHA Communities Eastleigh.
SeeAbility	<p>The grant funding will be spent to purchase 9 Samsung Galaxy Tablet A (Wifi enabled) at a cost of £180 each.</p> <p>The tablets will enable more residents to connect to digital therapeutic support that ranges from speech and language therapy, personal behaviour support, attending meetings for associates and weekly drop-in sessions. The device will also help residents connect to loved ones and volunteers who have been supporting through phone calls to keep in touch and reading (via calls).</p> <p>Our recent Christmas Concert which took place virtually had a performance from SeeAbility's makaton group, where people we support sign and sing along to different songs. This has been possible due to technology and we're determined to connect more residents to these online sessions.</p> <p>As we look ahead, we will be using these devices strategically so they act as a digital passport of each resident - forming part of our wider digital structure at SeeAbility. The tablets will guide support team to learn more about the residents, their interests, their personalities as well as monitoring their health and fitness.</p>	£1,620	£1,620	This is the second year running we have funded SeeAbility.

ARK Eastleigh	£150 - phone costs £100 - contribution towards Team leaders' time to organise volunteer telephone call rotas and socially distanced events	£250	£250, but not for running costs. We are open to support a specific project or equipment/event.	Supporting information on an actual project/equipment has been requested. This is the second year running we have funded ARK Eastleigh.
Eastleigh Borough & Romsey Mencap	The majority of our annual income is linked to any funds raised from service delivery and community fundraising events. Coronavirus has had a significant impact on our ability to fundraise, whilst we continue to try and deliver services in a safe way. The Chill Out Club continues to meet via video calling software and we try to replicate the experience of being together as much as possible. We know that this is not the same for a lot of people, and they are really missing the face to face interaction. Due to the latest restrictions, we are unable to bring this group back together in the same way, so we are looking at alternative options that would enable us to meet together in a safe place, whilst continuing to provide video calls for the people that are isolating, or unable to attend. If we were successful, we would spend the funds as follows: £500 staff costs for 3 months £30 video conferencing costs £220 (estimated venue hire costs for temporary relocation of Chill Out Club) £500 for activity packs to be sent to group members at home, to include stimulating, educational fun activities & stationery.	£1,250	£750	Subject to supporting information requested.
Eastleigh & District NCT	£2,000 Breastfeeding counsellor fees £500 Venue hire	£2,500	£2,500	Subject to supporting information requested. This is the second year running we have funded Eastleigh and District NCT.
