Tuesday, 18 January 2022

COMMUNITY GRANTS

Report of the Assistant Local Area Manager on behalf of the Eastleigh Community Grants Panel

Recommendation(s)

It is recommended that grants be approved as contained in Appendix 1 to this report.

Summary

The Grants panel recommends that grants be allocated to local organisations operating in the Eastleigh, Allbrook and Velmore area for 2021/22.

Statutory Powers

S. 1 Localism Act 2011 i.e. the Local Authority's general power of competence, including power to act for the benefit of its area or persons resident or present in its area.

Strategic Implications

1. The recommendations in this report support the Council's approach to localism by allocating devolved resources to meet local needs. The recommendations align with Corporate Plan objectives of Tackling Deprivation, Enabling Healthier Lifestyles and Wellbeing, Supporting an Excellent Environment, Improving Town and Local Centres, Increasing Provision and Ensuring a more diverse mix of Housing, and Enabling the Right Skills and Employment mix.

Introduction

2. This Committee has allocated £13,387 (£3,387 of which was carried over from the underspend from last financial year) for a community grant budget to fund grants to local organisations. 10 different grant applications were received with a total value of £14,152.
3. The grant panel comprises Councillors Campbell, Park and Bicknell who represented the 3 local wards of the Local Area Committee and they met to assess the applications on 6th December 2021.

The Panel's decisions

4. The applications and Grants Panel decisions can be found at appendix 1. The Grants Panel sought to ensure the available funding was spread throughout the three local wards.
5. The Panel also considered the objectives of the organisations, the numbers attending; whether they were from the Local Area, the total cost of the project and whether funding was or could be sought from elsewhere. The applications were also assessed against the following criteria: Including business plans, details on how the grant application meets Eastleigh Borough Council's priorities (Healthy Communities, Green Borough and Prosperous Place) and confirmation that the applications were not for day to day running costs.

Financial Implications

6. The total grant awarded in this report amounts to £7,828 and can be contained within the approved budget of £13,387.

Risk Assessment

7. The recommendations made by the Grants Panel do not hold significant risks. All grant applications are subject to the completion of a detailed application and supporting documents, including the submission of financial details. A monitoring form will also be sent out to all successful recipients to ensure the funds have been spent in line with the approved grant within 12 months of the award.

Equality and Diversity Implications

The report complies with our policy to ensure that the voluntary and community sectors are treated fairly and equitably. The Council has had due regard to the aims of the Equality Act. The recommendations in this report promote equality of opportunity, in particular for children and young people, children and youth people with disabilities and disabled people (including mental health) and older people. As part of the application process, applicants are required to submit an Equal Opportunities statement.

8. Climate Change and Environmental Implications

The community grants encourage and aim to change residents' behaviours by supporting projects which incorporate green initiatives. For example, the 11th Eastleigh (North Stoneham) Scout Group actively engage and support young people through various activities including conservation and community work and learning outdoor skills which help young people connect with nature and teach them about the great importance and benefits of preserving our environment for future generations.

Conclusion

9. The recommendations made in this report complement the Council's corporate priorities, as well as this Committee's local priorities. Subject to the approval of this Committee, the grants will be awarded in February 2022 to recognise and celebrate the extent of community work being undertaken in the local area.
